ABOUT MD SHARMA COMPANY

MD SHARMA COMPANY is a trusted Engineering & Geospatial Consultancy providing accurate, reliable and technology-driven survey and mapping solutions for infrastructure and development projects across India. With advanced technology, experienced professionals and a commitment to quality, we deliver results that help our clients plan, design and build a better tomorrow.

WHO WE ARE

We are a team of geospatial experts and survey professionals delivering high-quality data and insights using modern technology and innovative solutions.

OUR MISSION

To deliver precise and reliable geospatial solutions with innovation, integrity and timely execution that exceed client expectations.

OUR VISION

To be a leading geospatial and engineering consultancy recognized for excellence, innovation and customer trust across India.

SATISFACTION

OUR CORE SERVICES

DRONE SURVEY & MAPPING

High-resolution aerial mapping, orthomosaic, DTM/DEM, 3D models and video.

DGPS / RTK SURVEY

High accuracy positioning and data collection for engineering and infrastructure projects.

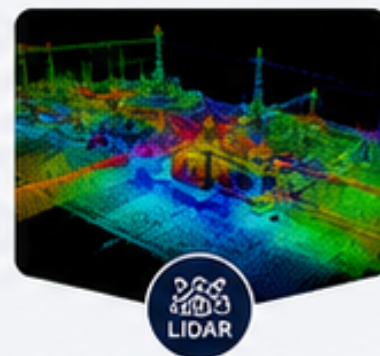

TOTAL STATION SURVEY

Topographic survey, contour mapping, setting out and as-built survey with high precision.

GIS & REMOTE SENSING

Spatial data analysis, mapping, land use, change detection and geospatial reporting.

LIDAR SURVEY & PROCESSING

High-density point cloud data, terrain modeling and feature extraction for complex projects.

INFRASTRUCTURE SUPPORT

Engineering support for planning, design, monitoring and asset management projects.

WHY CHOOSE US?

- ✓ Advanced Technology & Modern Equipment
- ✓ Experienced & Skilled Professionals
- ✓ Accurate, Reliable & High-Quality Deliverables
- ✓ Timely Execution & On-Time Delivery
- ✓ Competitive Pricing & Cost Effective Solutions
- ✓ Strong Commitment to Safety & Ethics
- ✓ Pan India Service Capability

Vision & Mission

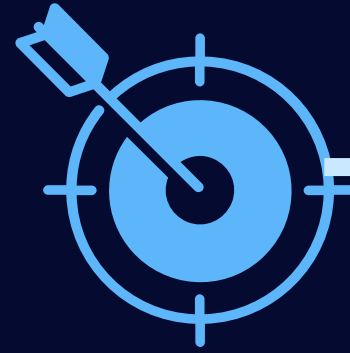

VISION

- ★ Building the Future with Geospatial Intelligence
- Our vision is to become one of India's most trusted and innovative Engineering & Geospatial Solution Providers, delivering world-class surveying, mapping and infrastructure consultancy services through advanced technology, precision and excellence.
- We strive to empower governments, industries and infrastructure developers with reliable geospatial data that supports smarter planning, sustainable development and informed decision-making.

MISSION

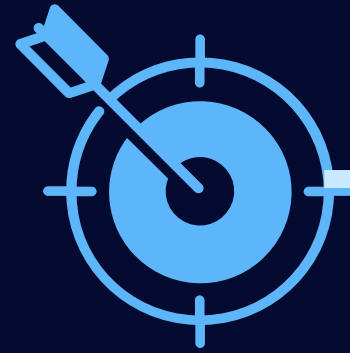

- ★ Delivering Accuracy, Innovation & Reliability
- Our mission is to provide high-quality, technology-driven survey and geospatial solutions using Drone, LiDAR, DGPS, GIS and advanced engineering practices.
- We are committed to:
- Delivering precise and reliable survey data.
 - Completing projects on time with uncompromised quality.
 - Adopting the latest geospatial technologies.
 - Building long-term relationships through integrity and professionalism.
 - Contributing to sustainable infrastructure development across India.

Our Goals

TECHNOLOGY-DRIVEN EXCELLENCE

We continuously adopt the latest technologies, including UAV Drone Surveys, LiDAR, DGPS/RTK, GIS and Remote Sensing, to deliver highly accurate data and engineering solutions that meet international quality standards.

CUSTOMER-CENTRIC APPROACH

Our priority is to understand every client's project requirements and provide customized, timely and dependable survey solutions. We focus on building long-term relationships through transparency, quality and professional service.

SUSTAINABLE INFRASTRUCTURE DEVELOPMENT

We aim to contribute to the development of smarter infrastructure by delivering precise geospatial intelligence for highways, railways, irrigation, mining, power, smart cities and industrial projects across India.

Business Plan

www.mdsharma.in

Our business plan focuses on delivering innovative geospatial and engineering solutions through advanced technology, professional expertise and quality-driven services. We aim to build long-term client relationships while ensuring accuracy, timely delivery and sustainable growth across India.

INDUSTRY-FOCUSED SOLUTIONS

We serve a wide range of sectors including Highways, Railways, Metro, Irrigation, Mining, Smart Cities, Power, Industrial Infrastructure and Urban Development. Our commitment to precision, quality and timely delivery has made us a reliable partner for engineering and geospatial projects.

TECHNOLOGY & INNOVATION

MD SHARMA COMPANY leverages advanced technologies including UAV Drone Survey, LiDAR, DGPS/RTK and GIS to deliver accurate, reliable and efficient geospatial solutions for infrastructure and engineering projects.

ENGINEERING & GEOSPATIAL SOLUTIONS

MD SHARMA COMPANY is a professional Engineering and Geospatial Consultancy providing advanced surveying, mapping and GIS solutions across India. We utilize modern technologies including UAV Drone Surveys, DGPS/RTK, LiDAR, GIS and Photogrammetry to deliver accurate, reliable and efficient data for infrastructure and development projects.

COMPREHENSIVE SURVEY SERVICES

Our expertise covers Topographic Survey, Engineering Survey, Corridor Mapping, Asset Mapping, Orthomosaic Generation, Digital Elevation Models (DEM), Contour Mapping, 3D Point Cloud, Volume Calculations and Remote Sensing for government and private sector projects.

Company Overview

ADVANCED TECHNOLOGY

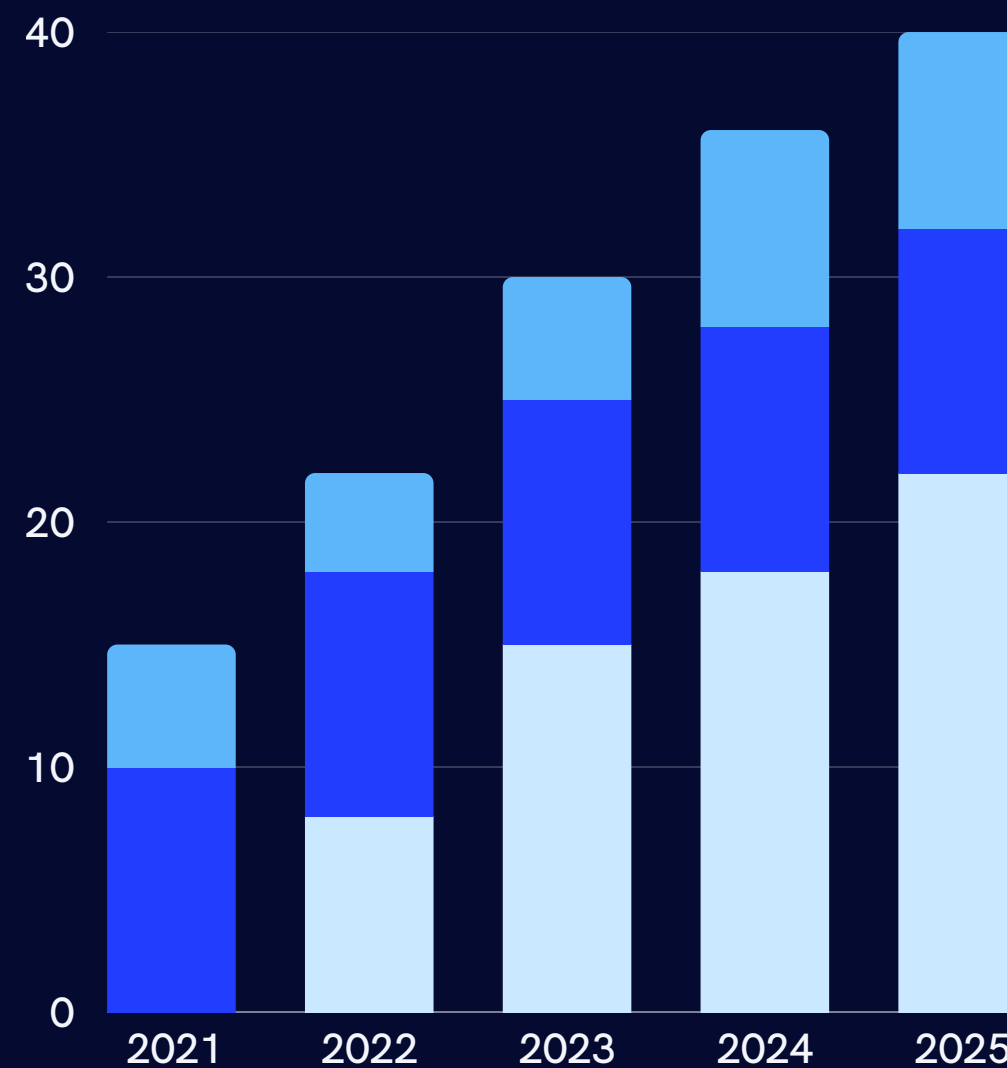

We use cutting-edge technologies including UAV Drone Survey, LiDAR, DGPS/RTK, GIS and Remote Sensing to deliver precise and dependable geospatial data.

PROFESSIONAL EXPERTISE

Our experienced team ensures every project is executed with accuracy, efficiency and the highest standards of quality and safety.

DIVERSE INDUSTRY SOLUTIONS

We provide specialized survey solutions for Highways, Railways, Metro, Irrigation, Mining, Power, Smart Cities and Industrial Infrastructure projects.

CLIENT COMMITMENT

We focus on timely project delivery, transparent communication and long-term client relationships by providing reliable and quality-driven engineering solutions.

OUR LEADERSHIP

LEADERSHIP THAT DRIVES EXCELLENCE

At MD SHARMA COMPANY, we are committed to delivering accurate, reliable and technology-driven engineering and geospatial solutions.

Under strong leadership and a vision for innovation, we continue to deliver quality services with integrity, professionalism and dedication.

// FOUNDER & MANAGING DIRECTOR //

ARUN KUMAR SHARMA

arun@mdsharma.in

VISIONARY LEADERSHIP

Guided by a clear vision and strong commitment to innovation, quality and client satisfaction.

STRATEGIC FOCUS

Focused on delivering accurate, efficient and cost-effective engineering and geospatial solutions.

INNOVATION DRIVEN

Embracing advanced technologies to provide reliable data, insightful analysis and smart solutions.

CLIENT COMMITMENT

Building long-term relationships through transparency, timely delivery and professional excellence.

FUTURE PLANS

Building tomorrow with innovation, technology and excellence.

01

NEW PRODUCT DEVELOPMENT

Investing in innovative technologies and research to develop advanced geospatial solutions that address evolving industry needs.

02

APPLICATIONS MOCKUPS

Creating advanced mockups and prototypes to visualize, test and deliver user-friendly, efficient and reliable applications.

03

MARKETING BUSINESS PLAN FOR NEW PRODUCT(S)

Building a strong marketing strategy and business roadmap to launch new products successfully and generate long-term value.

ACCURATE SOLUTIONS

Delivering precise and
reliable geospatial
solutions.

RELIABLE PARTNER

A partner you can trust for
quality and commitment.

INNOVATION

Using latest technology and
innovative methods for
best results.

CLIENT COMMITMENT

Focused on customer
satisfaction and long-term
relationships.
