

What We Offers

Drone Survey & Mapping

High resolution aerial mapping, orthomosaic, DSM, DTM & 3D models.

Topographical Survey

Detailed topographic surveys for planning & design.

DGPS / RTK Survey

High accuracy positioning for construction, mapping & GIS applications.

Engineering Survey

Road, Railway, Bridge, Pipeline & other engineering surveys.

GIS & Spatial Analysis

GIS mapping, spatial analysis & data management solutions.

3D Modeling & Volume Analysis

3D models, contour mapping, cut-fill & volume calculations.

Sectors

- Roads & Highways
- Railways / Metro
- Urban
- Mining
- Irrigation
- Power (Thermal / Hydro / Solar / Wind)
- Water
- Agriculture
- Land Mapping
- Industrial
- Environmental Studies
- Construction
